

Brijlal Biyani Science College, Amravati.

B.Voc. (Medical Equipment Techniques & Management)

Institution visit Report

**VIROHAN INSTITUTE OF HEALTH AND MANAGEMNT, AT NAGPUR
(Saturday, the 29th June 2019)**

B. Voc. Faculty members went for Visit : Mrs. A. M. Tembhare, Mrs. J. P. Kundawani.

The institute visit was held on 29th of June 2019. In the institute we met with the eminent personalities like Mr.Jain the managing director of the institute and Dr. Poonam Gaykvad who works over there as a trainer.

They shed light on the various policies and steps taken in the direction to flourish the Indian Hospital services and make it compete with the international standard according to NABH rules of Health Care Sector Skill Council.

There after faculty members of B. Voc. were taken to the medical lab to visit it.

In the medical lab we have seen different models like Skeletal System, Nerves of Human Body, Parable X-Ray machine model, Muscles of joints, Dorsal Muscles, Dragger Phobias, Digestive System, Sterilizing equipment, different bones of body, Hospital bed, Advance Boyle's machine, cough sevoflurane and halothane, LEAD Shielding and computer screen, Hospital and different department, various digital classrooms, conference room and many other things.

Details of our Journey :- We started traveling from Amravati by 8 am in the morning via car on 29th May 2019 alongwith Co-ordinator faculty.

We reached to the Virohan Institute premises at Nagpur within 2.30 hours. After visiting the Institute we returned to Amravati by 10 pm.
